Dear Community,

RE: THE OPIOID/FENTANYL EPIDEMIC AND CRISIS

Dr. Allen Fein of Westhampton, NY, clinical professor at Stony Brook School of Medicine and active member of the New York Chapter of the American Society of Addictive Medicine will give a free presentation on "how huge" the problem is...on Long Island.

Dr. Fein stated, "most of these are young people. But we all need to know what is happening and become engaged." What to look for, available treatments, resources/programs and...hope.

Please invite family, friends, neighbors and co-workers to this very informative presentation:
